

ForeverGreen Bolsters E-commerce Tools

Wednesday April 25, 9:15 am ET

OREM, Utah--(BUSINESS WIRE)--ForeverGreen Worldwide Corporation (OTCBB:[FVRG](#) - [News](#)) a manufacturer and distributor of all natural whole foods, today announced the company recently launched a new suite of online business tools for its independent distributors.

FrequenSea.com, the personal web site for ForeverGreen's independent distributors, received a major facelift with a robust array of business tools. The new services feature a personalized web site with management, marketing, sales, and prospecting tools.

"We have set out to create a business management program that allows our distributors to effectively manage their operations as efficiently and effortlessly as possible. I am happy to report that with the launch of this new program we have accomplished this goal," stated ForeverGreen V.P. of Sales, Rick Redford. "Our focal point was to create a model with all necessary tools for starting and growing a business in a user friendly system that is easy to learn and simple to use. Our management team believes this new array of tools will greatly assist our distributors in growing their business and significantly impact future revenues."

The new system of tools is available to distributors for \$9.95 per month.

"We are combining a great line of products with an outstanding suite of business tools to create an excellent opportunity for entrepreneurs here at ForeverGreen," stated CEO Ron Williams. "This new system contains the cutting technology we sought after to give our distributors every chance to succeed. We are truly excited about this launch and its revenue potential."

ForeverGreen Worldwide Corporation develops, manufactures and distributes an expansive line of all natural products to North America, Australia, Europe, and Asia. Offerings include FrequenSea(TM) a whole food beverage, Pulse(TM) a whole food snack or meal replacement, 24k Chocolate®, and an entire catalog of meals, snacks, personal care items and essential oils.
