

# ForeverGreen Hosting Leading Distributors at Sea Farm Retreat

Thursday May 10, 9:15 am ET

OREM, Utah--(BUSINESS WIRE)--ForeverGreen Worldwide Corporation. (OTCBB:[FVRG](#) - [News](#)) a manufacturer and distributor of all natural whole foods, today announced the company will host its top leaders at the Sea Farm on Vancouver Island June 7-9, 2007.

The "SeaFarm" is a multimillion dollar state-of-the-art facility where Marine Phytoplankton for FrequenSea is grown and harvested. The farm is situated in the Pacific Northwest where more than 200 individual species of Marine Phytoplankton live and thrive, a total that is unrivaled anywhere else the world.

The Sea Farm developed an amazing renewable process that re-creates the spring bloom--a time of year where Marine Phytoplankton photosynthesis is maximized every month! The process actually replenishes more Marine Phytoplankton to the ocean than it harvests. This supports an amazingly diverse ecosystem near the farm. The exclusive harvesting extraction process allows us to combine the benefits of phyto-nutrients with a natural and balanced composition of sea minerals.

The Retreat will include tours of the Sea Farm Facility, an on-site dinner, and business training.

"Visiting the Sea Farm is an amazing experience and a true pleasure for anyone associated with ForeverGreen," commented ForeverGreen's CEO Ron Williams. "This retreat provides a great opportunity for our members to truly understand the gift of FrequenSea and see first-hand how the entire process is created. This also gives us a chance to meet personally with our members, share in this experience, and provide valuable training to further this business development. We are looking forward to this event and know it will significantly impact the attendees."

ForeverGreen Worldwide Corporation develops, manufactures and distributes an expansive line of all-natural products to North America, Australia, Europe and Asia. Offerings include FrequenSea(TM) a whole-food beverage, Pulse(TM) a whole food snack or meal replacement, 24k Chocolate®, and an entire catalog of meals, snacks, personal care items and essential oils.
