Ingredients

N-Acetyl Cysteine, 24 Karat Chocolate Powder, Resveratrol, Panax Ginseng, Alpha Lipoic Acid, Super Citrimax, Cinnamon, Green Tea (10%), Vitamin D3, Cascara Sagrada, Licorice Root, Cayenne, Potassium Chelate, Niacinamide, Folic Acid, Chromium Polynic, Gelatin, Water, Glycerin.

How to take

Take two capsules twice daily and drink plenty of water. Increase your activity for weight management.

Highlighted Ingredients

N-acetyl-cysteine: also known as mucormist. NAC increases glutathione levels, the most powerful endogenous antioxidant. NAC has been used in practically all nutritional conditions, because of its effect on liver detoxification.

Resveratrol: this is the main antioxidant in grapes. Its effects on our metabolism is very dramatic as suggested by recent studies.

Panax ginseng and Licorice root: adrenal strain can be a major component of weight gain. These herbs support normal adrenal function, thus reducing TOILing.

Alpha lipoic acid: this antioxidant supports normal liver function and insulin processing.

Vitamin D3: practically everyone has inadequate blood levels of this pro-hormone. It has been shown to work much like the hormone thyroid. Consequently, it is essential for practically all functions.

Cayenne: this herb has remarkable supportive effects in in the GI tract.

Cinnamon: this herb promotes normal blood sugar levels.

Green tea: high in antioxidants. Research has shown beneficial effects for preventing TOILing in the cardiovascular and immune systems.

Chromium: this trace mineral reduces TOILing and supports normal blood sugar levels.

Potassium: indispensable mineral for heart function. Assists the body to regulate normal blood pressure.

Folic acid and niacinamide: these B vitamins help support good moods and dispositions. They are very important in practically all organs, especially in the brain, DNA, cardiovascular system, and liver methylation (detoxification.)

May we suggest to use with
