

Slide - 4 oz

Our rich, concentrated shaving cream in a jar offers exceptional glide for greater comfort, and more shaves per razor. Food-based botanical ingredients naturally protect skin against chaffing, rash, and razor burn. No alcohol means no burning or dry skin. It has a light, clean citrus fragrance that is wonderful for both men and women.

Ingredients

DI Water, Sodium Cocoyl Isethionate (Coconut), Stearic Acid (Coconut), Cetearyl Alcohol (Coconut), Glycol Stearate (Coconut), Hybrid safflower Oil (Safflower), Sodium Hydroxymethylglycinate (Amino Acid, Sugar Beets), Simmondsia Chinensis (Jojoba) Seed Oil, Aloe Barbadosensis Leaf Juice, Rosmarinus Officinalis Extract (Rosemary), Hydroxypropyl guar, Nasturtium Officinale Extract, Fenugreek Trigonella Foenum-Graecum Seed Extract, Salix Alba (Willow) Bark Extract, Triticum Vulgare, Camellia Oleifera Extract, Ginkgo Biloba Extract, Titanium Dioxide (Mineral), Panthenyl Triacetate (Rice Bran), Fucus Vesiculosus Extract (Seaweed), Chamomilla Recutita Flower Extract (Matricaria), Vitus Vinifera (Grape) Seed Oil, Citric Acid (Citrus), Tocopheryl Acetate (Soybean Oil).

Honor Your Health by Honoring Your Skin

This product is 100 percent biodegradable. It is naïve to think we can spread synthetic chemicals on our skin, the largest living organ of the body, day after day, and not suffer the potential consequences! The effectiveness of patches that allow medications to quickly absorb through the skin should be a warning to us that much of what we put on our skin ends up in our bloodstream. Numerous name-brand personal care products use ingredients that are also found in anti-freeze and engine degreasers, including DEA, a known carcinogen found in more than 600 home and personal care products including soaps, shampoos, and lotions. From skin contact alone the body can absorb and store potentially toxic chemicals throughout the body.

The Personal Transformation™ line was created with the same high standards we apply to all of our products:

- **No synthetic chemicals or fake preservatives.**
- **Formulated using clean and/or organic whole-food, plants, fruits, herbs, and essential oils.**
- **More effective than toxic, commercial, store-bought personal care items.**
- **Safe for all members of the family, from infants to the elderly.**
