

Letter From Soldier

A note of thanks from my brother over in Iraq that I wanted to share with you all.

Chris,

Thanks for the happy b-day e-mail. Things are going well over here. We got to do an air assault mission the other day, move to a bridge, blow it up, then move to a near by pz and fly back home. That was a first for a lot of things since we have been here and a great change of pace for a bit.

Thanks for the letter from ForeverGreen and the Lindon living assistance place. I hung it up on the wall for my guys to read.

Morale is pretty high, the DFAC is running out of food some how, there is less and less each day, so today a few of us drove over to Sather air base...you know the fly boys aren't going hungry for sure!!!

We'll take care and thanks for all you guys have done Love you
Dan
