

Toys For Mexico

On Saturday morning, Kelley, Manuella, Berta, Sote, myself, Ray Williams (President of I.C.A.R.E.), and Richard Green (Vice President of I.C.A.R.E), along with a few members of Rock Canyon Church loaded two truck loads of toys bound for kids in Mexico. The toys were donated by Hobbytron (a local toy distributor). The estimated value of the toys is \$50,000.00. One of the trucks that were loaded belongs to ForeverGreen. We agreed to store the toys for a short period then either ship them or transport them to Yuma, Az. I.C.A.R.E. will then take them across the border for distribution. You can find out more about I.C.A.R.E. by visiting them at www.icaretgc.org.

I will be talking to Ray about the possibility of going with them to distribute the toys. I can assure you that there will be some happy Orphans when we do!!!
