**ENERGY & HEALTH COLLIDE  
FOR CLEAN ENERGY  
FELT IN MINUTES,  
LASTING FOR HOURS**

WHAT IS  
**AMPLIFIRE?**

Don't risk your health and happiness for artificial energy. AmpliFire is an exclusive combination of safe energy and natural health. AmpliFire utilizes ForeverGreen's patent-pending technology to take natural plant concentrates and render them water-soluble, making them instantly absorbed. These proprietary blends contain natural, safe, clean and organic ingredients for instant energy that lasts for hours.

## INSTANT BENEFITS FROM THE AMP PROCESS

ForeverGreen uses a natural, environmentally conscious CO<sub>2</sub> extraction process to capture every essence from the whole plant without destroying its nutrients.

This unique process preserves the essential oils, resins, and powerful antioxidant-rich phytonutrients of the whole plant.

Once the CO<sub>2</sub> process is complete, we use the Aqueous Molecular Partitioning (AMP) process to render the plant components water-soluble, making the nutrients instantly bioavailable in the body.

These statements have not been evaluated by the FDA. This product is not intended to treat, diagnose, cure or prevent any disease.

Energy and benefits of AmpliFire are instantly available for your body to use.
